

Welcome to the Eco-Schools Australia newsletter for Term 1, 2021

It is wonderful to see all schools, students and teachers across Australia returning to their classrooms in 2021.

After a rather tumultuous and challenging 2020, we hope you had a well-deserved break and are now ready to jump into eco action, sharing your incredible environmental discoveries, achievements and “hoorays” with your communities and other schools and students.

We look forward to hearing about your journeys this year and celebrating your accomplishments.

Not an Eco Schools member yet? Then [visit us here](#) to see what it is all about! Make this year the year where you unleash your Eco Warrior.

We are absolutely Wild about Education

Last year we announced our new collaboration with [Wild Education](#).

Since its creation four years ago, Wild Education has made an impact to over five thousand individual students throughout Australia and overseas via environmental documentaries and online learning modules.

We are super excited to announce that **by enrolling in Wild Warriors, you can sign up for a 1-year Eco-Schools membership (valued at \$110) for just \$5 extra!**

Wild Warriors provides ready-made, flexible lesson plans for various grades in line with the Geography curriculum, helping build student’s foundations for environmental learning.

Included in the eight weeks are two award winning documentaries, graded quizzes, S.T.E.M activities and more!

Calling all Litter Legends

The Litter Legends Competition is back in 2021!

Are you a super litter fighter ready to take on a challenge in 2021? Then read on!

Eco-Schools Australia's Litter Legends Campaign (LLC), funded by Mars Wrigley, will be running again in 2021. We have a limited number of \$500 seed grants for eligible Aussie Eco-Schools to help them implement a project to reduce litter and/or improve recycling in their school and community.

Complete the Expression of Interest form [here](#)

The Young Reporters for the Environment competition is back!

The Young Reporters for the Environment (YRE) competition is open to 11 to 25-year-olds who want to investigate, suggest solutions and report on a litter/waste/recycling issue in their school or community through the means of articles, photography or video.

If you would like to apply for a cool \$250 grant and be in the running to become the National winner – automatically qualifying you for the International competition – then let us know.

To take part in 2021, complete the Expression of Interest form [here](#)

Schools in Western Australia, watch this space

If you are an Eco Schools member and are located in Western Australia, then we have something for you!

In 2021, our friends at the Alcoa W5 program are once again inviting all eligible schools to participate in the program for a chance to receive up to \$1,500 in funding.

To express interest in the program, please contact [marina\[at\]kab.org.au](mailto:marina[at]kab.org.au).
